

Goal of Sanai for Child Nursing

『compassionate child』

1. Love your neighbor as you love yourself. (Bible)
2. Do to others what you want them to do to you. (Bible)
3. Nourish capacity of children in accordance with their age and level of growth so that they will be able to think and behave themselves as members of society in the future.
4. Through a warm relationship with each other and with staff, we support children in their mental balance and self-reliance in the society.

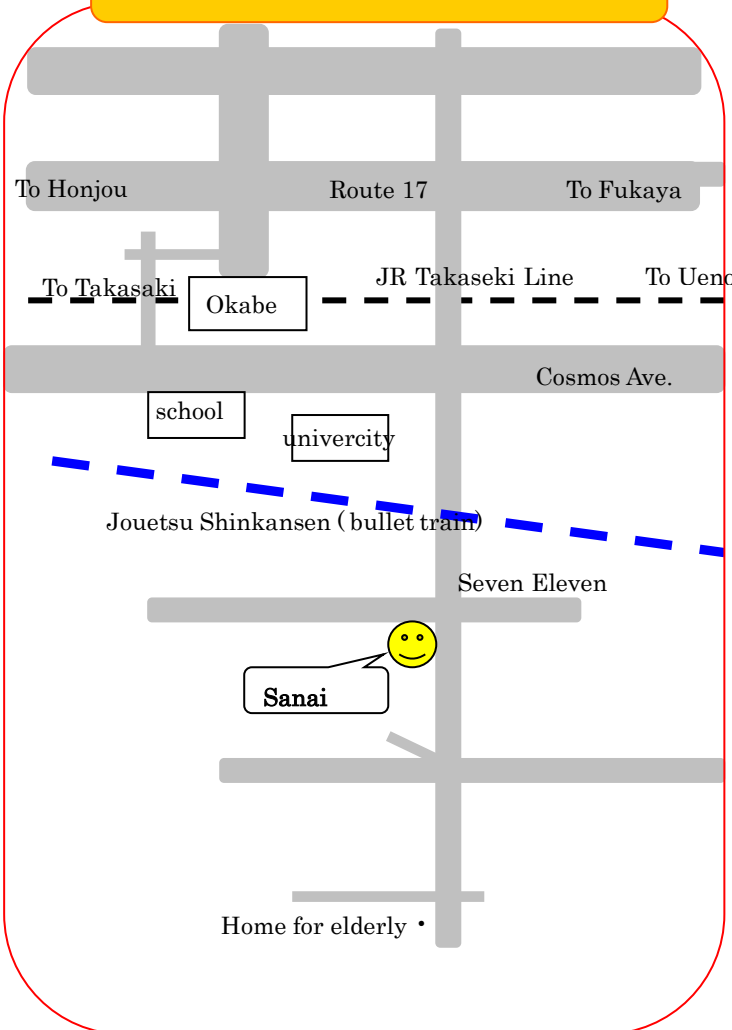

Characteristics of Sanai

1. Small Scale with capacity of 35 children, living in a small group led by one care worker is the basis of Sanai.
2. In a rich natural environment, we maintain children's mental balance and support their self-reliance.

Foundational management policy

1. Seeking enhancement of institutional management and child nurture through Christianity as Spiritual pillars.
2. Enhancement of child nurture and working conditions for staff by placing one leader for each group and taking mixed age group approach.
3. Consistency of Child Nurture
4. Cooperation with local community
